EXPERIENCE:

Okendo

Senior Technical Support Specialist *(May 2021 - Present)*

- Installing Okendo Quiz, Reviews, and Referrals widget on Shopify Store themes, on customizer, theme files, and shopify page builders(pagefly, gempages, replo etc.).
- Styling the Quiz, Reviews & Referrals widget according to merchant specifications, either from a reference page or from a figma file.
- Troubleshoots and fixes widget styling and functionality issues using css, html, and javascript.
- Does basic code review on personal work and also on other's tickets.
- Assists team members with ticket issues and code concerns.
- Does QA duties on tickets, making sure everything that the merchant/ticket owner instructed is done.
- Troubleshoots/fixes styling/script issues within the shopify theme that are in conflict with the Okendo app.
- Creates Loyalty landing pages(desktop and mobile-responsive) on Shopify themes based on given Figma layouts and/or reference sites using html, css, javascript, and liquid.

Affinity Express Inc.

Senior Associate Web Developer *(January 2018 - May 2021)*

- Built mobile-responsive websites in Wordpress using HTML5, CSS3, jQuery, PHP, Yoast SEO, Gravity Forms, WooCommerce, with different page builders (Beaver Builder, Elementor, Divi Builder, WP Bakery) and custom themes like Astra.
- Does image optimization, page optimization using lighthouse, and also fixes broken links.
- Adds h1, title, meta description for SEO that came from the copywriting team, and also adds favicon on the website.
- Did site maintenance, revisions, and updates on wordpress with different themes and builders.
- Set up Godaddy Cpanel, domain, SSL, and Wordpress installation.
- Did site migrations from staging to live site, and site backups using Filezilla and CPanel.

Freelance

Front-end Web developer

- Developed and styled 4-pager Wordpress site.
- Redeveloped and restyled homepage and inner pages of a church website using Wordpress, elementor, Beaver Builder, CSS, and JS.
- Did site refresh/maintenance for a law firm website.
- Created and styled multiple Wix webpages(desktop and mobile-responsive) for an existing Wix website.
- Created multiple webpages from scratch based on a given figma layout using HTML, CSS, JavaScript, and Bootstrap.
- Created and styled a Learning Management System from scratch using HTML, CSS, JavaScript, PHP, AJAX, MySQL Database, and Photoshop.
